## Interim Directors' Report pursuant to listing rules 5.75.2

Period Ended 30 June 2023

The Directors present their interim report together with the unaudited condensed consolidated interim financial statements of Grand Harbour Marina p.l.c. ("GHM" or "the Company") and its subsidiary, Maris Marine Limited (together referred to as "the Group"), and the Group's beneficial interest of 45% in a joint arrangement, IC Cesme Marina Yatirim, Turizm ve Islemeleri Anonim Sirketi ("IC Cesme"). The Group is itself a subsidiary of Camper & Nicholsons Marina Investments Limited ("CNMIL" or the "Parent Company").

### Business Review

#### Grand Harbour Marina p.l.c. Consolidated

Total revenue at GHM increased from €1.7 million to €2.1 million, with superyacht visitors and high utility consumption being the main contributing factors. EBITDA was maintained at the same level of 2022, with PBT and Net Income increasing by €0.1 million when compared to the same period last year.

The Group's share of EBITDA at IC Cesme increased by €0.4 million on the back of increases in both seaside and landside revenues. These gains were however set-off by the foreign exchange losses emanating from the 30% Turkish lira devaluation to the Euro, which resulted in the Group's share of IC Cesme's PBT and Net income falling by €0.9 million and €0.8 million respectively when compared to the first half of 2022.

### Valuation

The market capitalisation of GHM on the Malta Stock Exchange on 25 August 2023 amounted to €12.60 million (18 April 2023: €23.40 million).

### Group Outlook

These results reflect the stability of our business model, despite the uncertainties caused by the coronavirus pandemic and its aftermath, the Russian invasion of Ukraine, rising inflation and the increase in interest rates.

The Board of Directors monitor the direct and indirect impacts of these situations on the business model and cash flow generation, and reaffirm the Group is well-positioned to meet the challenges posed by economic uncertainties.

We thank our partners in Turkey for the continued collaboration, First Eastern for their support, our employees for their dedication, commitment and hard work, and our clients for the continued trust they place in us.

### 7 Operating segments

#### 7.1 Information about reportable segments

Under the "management approach" to segment reporting, the Group has two reportable segments, namely, the "Grand Harbour Marina" located in Malta, and the "IC Cesme Marina" located in Turkey. These two geographically operating segments are managed separately as they have their own resource and capital requirements. For each of the reporting segments, the Chief Executive Officer and the Board of Directors reviews internally financial and operating reports on a regular basis. The business operation in each of these two operating segments is the ownership and operation of marina facilities providing berthing and ancillary services for yachts and superyachts. Information regarding the result of each reporting segment is included in this note.

Performance is measured based on segment revenues and segment profit or loss before tax as management believes that this information is most relevant in evaluating the result of both segments relative to other entities that operate in the same industry. The amounts reported for IC Cesme Marina reflect the full amount (100%) of its assets, liabilities, revenues and expenses prior to the application of the equity method.

#### 14.3 Impairment assessment of investment in joint venture

The Company acquired its investment in IC Cesme Marina Yatırım Turizm ve İşletmeleri A.S. (“IC Cesme”), a joint venture, in 2011. IC Cesme operates a marina with associated landside property in the Izmir region of Turkey, held in terms of a Build-Operate-Transfer agreement expiring in 2067.

In view of the geo-political status of the investee’s jurisdiction, the directors have estimated the recoverable amount of the investment in IC Cesme and determined whether it exceeds the carrying amount. This was estimated based on its value in use, which falls within Level 3 of the fair value hierarchy. The value in use has been arrived at through the discounted cash flow valuation, by estimating the free cash flow to the firm up until 2067 and discounting them back to the present value by using the cost of capital as the discount rate.

The following were the assumptions included in the valuation:

- (a) Revenue- Year 1 revenue to be in line with budget prepared by IC Cesme’s management, Years 2 to 4 revenue growth to be in line with Turkey’s inflation rate, then converge to the risk-free rate up until Year 10, after which it will remain unchanged,
- (b) Operating margins- Year 1 operating margins to be in line with budget prepared by the IC Cesme’s management, then converge to 25% up until Year 10, and thereafter remain unchanged,
- (c) Reinvestment- Year 1 will be based on a sales-to-capital ratio of 8.00, with Years 2 to 5 based on a sales-to-capital ratio of 3.00, and a sales-to-capital ratio of 1.05 from Year 6 onwards, based on the industry average,
- (d) Tax rate- the tax rate will converge gradually from the current effective tax rate to the marginal tax rate of the country in Year 10, and remain unchanged thereafter,
- (e) Cost of capital- the discount rate used will converge gradually to the cost of capital of a mature and stable company in Year 10.

The estimated recoverable amount of the Company’s investment in IC Cesme’s net assets at Group and Company level, exceeds its’ carrying amount.

#### 16.3 Loan notes related to cash pledges over IC Cesme's borrowing arrangements

The Company's joint venture, IC Cesme had bank facilities that were guaranteed by IC Cesme's shareholders in proportion to their interest in IC Cesme. In this respect, the Company had provided cash collateral in the form of a cash pledge and it had lodged a sum with the Parent company in this regard.

During 2022, IC Cesme's remaining bank borrowings that were subject to this guarantee were settled between February and August 2022 through the release of the above-mentioned cash pledges in favour of IC Cesme's lender. As a result of the repayment and of a loan restructuring, the cash pledge was refinanced as a loan receivable to the Company with the amount being due from Camper & Nicholsons Marinas Limited ("CNML"), a fellow subsidiary of CNMIL.

### 27 Subsequent events

No significant events have taken place since the financial reporting date that would have otherwise required adjustment to or disclosure in these financial statements.

### 28 Litigation and claims

The Company's joint venture, IC Cesme, is disputing a claim and lawsuit by a former tenant of Cesme Marina, Bolluca Turizm Gida San. ve Dis Tic.Ltd.Sti., which started a legal case against IC Cesme after its contract was terminated in 2011 due to the lack of rental payments. The Board of Directors of IC Cesme, having consulted the company's Attorney, consider that the claim is not valid. The Izmir 3rd Basic Commercial Court dismissed the case and the claimant made an appeal to the Izmir Regional Court of Justice which was also rejected. A further case from the same claimant was rejected by the Izmir 3rd Basic Commercial Court on 16 October 2020 and the related decision finalized on 30 June 2021. Claimant made an appeal which is being investigated by the 6th Law Office of the Izmir Regional Court as file name 2022/4150E.

Based on the advice received, the probability of an outflow of resources embodying economic resources to settle the obligation is highly improbable. Nevertheless, in the unlikely event that IC Cesme lost the lawsuit, it would result in a liability of €232k (Dec 2022: €330k) with the Group's share being €104k (Dec 2022: €169k).
